Explanatory Note to the Notice of Annual General Meeting

The proposed Ordinary Resolutions 8 and 9, if passed, will empower the Directors to issue shares and convertible securities in the Company up to a number not exceeding 50% of the total number of issued shares of the Company, of which up to 20% may be issued other than on a pro rata basis to the existing shareholders. For the purpose of determining the aggregate number of shares and convertible securities that may be issued, the percentage of issued shares is based on the Company's issued share capital at the date of passing of the Resolution after adjusting for new issuance of shares, any subsequent consolidation or subdivision of shares, where applicable.

To accelerate and facilitate fund raising efforts, the Company wishes to adopt the measures introduced by the SGX-ST in February 2009, among other things, (1) to increase the 50% limit for issuance of new shares on pro-rata basis to 100% for issuance of shares via a pro-rata renounceable rights issue; and (2) to allow issuance of shares on a non pro-rata basis at a discount exceeding 10% but not more than 20% to the weighted average price per share.
